Summary

I am an aspiring Software Engineer pursuing a Bachelor's degree in Computer Science and Engineering, proficient in programming languages such as Java and C. I am skilled in data structures, algorithms, and software design. With a passion for developing scalable Software, I am actively engaged in tech projects and hackathons

Skills

- **Languages** :Java, C.
- **Tools**: Linux, Git, Github
- **Database**: MongoDB, MYSQL

Courses

- **Samsung Innovation Campus**: Completed a comprehensive course in Coding & Programming, gaining foundational software development skills in JAVA (June 2024 – July 2024).
- **Infosys Springboard**: Achieved Java Foundation Certification by demonstrating expertise in core Java principles, data structures, and algorithms.

Projects

QR-Based Attendance System

- Developed a secure QR code attendance system with Java Servlets and MySQL to automate and enhance tracking accuracy.
- Designed distinct admin/student modules for QR code generation, real-time tracking, and automated reporting.
- Built a robust backend using DAO patterns and a relational MySQL database for efficient and reliable data management.

Hostel Management System

- Created a full-stack Hostel Management System to automate student registration, room allocation, and fee processing.
- Designed a role-based application with a user-friendly interface for both administrators and students.
- Managed all backend operations and database records using Java and MySQL to ensure data integrity and reduce manual errors.

Education

Deen Dayal Upadhyaya Gorakhpur University	Ongoing
Bachelor of Technology-Computer Science and Engineering (8.12 cgpa)	
Nav Jeevan Mission School Deoria	year 2021
Intermediate (74.2)	
St. Xavier's High School Ghosi Mau	year 2019
High School (90.0)	

Academic Achievements

- **Qualified GATE 2026 (CS) with AIR 7798 (Score: 496)**
- **Hobbies**: Photography
